New!

WatchDog[®] Cellular Alert

*Rest easy, knowing the WatchDog
Cellular Alert will call you...*

...in case of frost!

...if your heater fails!

...from miles away!

FROST ALERT

- LCD display (current temperature, signal strength, etc.)
- Key pad for user set up: temperature threshold, system test operation
- Relay terminal connections to control an external device
- 6 ft external temperature sensor
- NEMA 4 (IP66) enclosure

Temperature range: -22 to 130°F (-30 to 55°C)

Accuracy: $\pm 1.1^{\circ}\text{F}$ ($\pm 0.6^{\circ}\text{C}$) at -4 to 122°F (-20 to 50°C), else $\pm 2.2^{\circ}\text{F}$ ($\pm 1.2^{\circ}\text{C}$)

WatchDog Cellular Alert Pro

- GSM cellular module included (user provides SIM card and service plan — Pay-As-You-Go recommended)
- Makes voice call or sends text message (or both)
- Requires 6-volt lantern battery (not included)

Item 3451

WatchDog Cellular Frost Alert Pro

WatchDog Cellular Alert

- Requires user-provided basic cell phone (flip phone or flat phone; not a touch-screen Smart Phone)
- Presses the phone buttons to make a voice call
- Uses 4-AA batteries (not included) to power the electronic controls and display (but not your cell phone)

Item 3450

WatchDog Cellular Frost Alert
